

RE : NTU Career Fair 2012

On 10th February, Swee Hong was one of the 221 Singapore and multinational organizations that participated in this year's NTU Career Fair. Close to 10,000 visitors attended the 2-day fair where those seeking internships as well as full time jobs were present. Although there were more companies that took part, the fair saw fewer job openings as compared to last year. According to a professor from NTU, the fewer job openings were due to the "modest economic outlook". Swee Hong saw a total of around 90 applicants which lasted from 9am to 4.30pm.
