

RE : Tea Party Session At Tampines

On 25 March 2012, LTA and Swee Hong organized and conducted a dialogue & tea party session with Mr Masagos Zulkifi (Advisor to Tampines West GROs) and 100 residents from Tampines Palmspring from 7.00pm to 9.00pm.

The session briefed Tampines Palmspring RC and residents on the sewer diversion works for Downtown Line 3 Tampines West Station.

The agenda covered a simple video illustration adopted to prepare the grounds for the main station works upon completion. Also, the challenges of the sewer diversion works were also shared with residents.

Before the end of the session, Mr Masagos came to convey his appreciation to the team for taking the efforts to come and explain the works and challenges to his residents so that they can better understand LTA's need for the extension of works period for the sewer diversion works. The session ended with a buffet dinner and some simple activities for the residents.
