

RE : NTU Career Fair 2014

NTU Career Fair 2014 was held at Nanyang Auditorium with approximately 200 companies participating. The event served as a networking platform as they provide great opportunities for graduates and graduating students of NTU to look for their possible future companies, and vice versa.

Our Swee Hong Limited staff managed our booth enthusiastically, in search for potential candidates. At the end of the day, about 400 interested applicants handed in their forms, and needless to say that the event was a success.
