

## RE : Swee Hong's Amazing Race 2012

Swee Hong's welfare committee organized an amazing race for their staff at The Singapore Zoo which was held on Saturday, 14 July 2012. All 8 teams of 4 staff, were given challenging yet fun tasks that required team work, strategy and quick thinking.

Some interesting tasks included building a tower made from straws, breaking codes and puzzles, searching for marbles in a nest of life worms. All these kept the participants on their toes and wits.

But despite the heavy downpour, the race did not dampen the spirits of the 32 participants. With sheer determination, they battled through rain and perspiration to enjoy the event.
