

RE : CIB W099 International Conference 2012

The International Council for Research and Innovation in Building and Construction (CIB) held its International conference on 10-11 September, 2012 at the Marina Bay Sands (MBS) Expo and Convention Center. This year's theme on "Modelling & Building Health & Safety" saw some of the world's top expert discussing the pressing issues in the context of occupational safety and health.

Hosted by the Department of Building, National University of Singapore, the conference offered the opportunity for participants to gain unparalleled insights into the most effective ways and means of improving the safety performance of the construction industries globally.

Swee Hong Limited took part in the conference as a Diamond Corporate Sponsor with a booth at the exhibition hall as well as Kenneth Lim, our Associate Director who was scheduled to give a keynote speech on BIM and safety.
