

RE : "The Voice of Swee Hong" – 2012

Held on 14 December, the welfare committee organized a year end party with a combined theme of a karaoke competition and a Christmas party.

8 contestants sang their best to sway the judges but only one emerged the winner. Resembling like PSY from Korea, he had a voice that earned him the top prize. Adding to the excitement were our infamous lucky draw prizes. Ranging from restaurant vouchers to LED TV, the staff was all chewing their nails as the top 3 prizes had to perform daring tasks to earn their prizes. It was a hilarious evening filled with singing, laughter and lots of beer!
