

## RE : NTU Career Fair 2011

Swee Hong was proud to be a part of Singapore's largest varsity career fair and received close to 225 applications in the civil engineering field.

This year's NTU career fair had a record participation rate of 175 companies. The event that was held for the entire day saw a total of 20,640 visitors over 2 days.

Swee Hong was proud to be one of the sponsors for this event which included an exhibition booth to showcase its expertise, creativity and ideas. The key factor was to make its presence known as well as to further strengthen its tunnelling capabilities. This was also a great opportunity to network among other leaders, decision-makers, stakeholders and other professionals for future developments and partnerships.
