

RE : Chit Chat Session on Future Thomson Line Springleaf Station

Chit Chat Session with the Adviser Er Dr Lee Bee Wah.

On 11th May 2014, Swee Hong collaborated with Leighton John Holland Joint Venture as well as Land Transport Authority (LTA) of Singapore to put up a simple Chit Chat Session with the Adviser Er Dr Lee Bee Wah to address any concerns or queries that the residents and stakeholders might have. The heavy rain that day did not dampen the high spirits that the residents have towards the event. Overall, the event is a success and the relevant authorities look forward to working closely with the stakeholders to ensure smooth completion of the projects.
